Incident Clear, LLC
Attn: Ryan Davids

Request for Proposal: 506-14 Freeway Service Patrol
Subject: Award Results

Dear Vendor:

The Department of Transportation would like to thank you for your time and effort in responding to our Request for Proposal No. 506-14 for the Freeway Service Patrol. The Department has completed its evaluation of all proposals and Autobase, Inc. has been selected as the successful Proposer most meeting the Department's needs. Incident Clear, LLC finished 2nd overall in the scoring out of the six (6) responsive proposals.

Upon evaluation of your proposal, the Evaluation Committee felt strongly that the main separation between your organization and the highest scoring proposal was your pricing being higher than Autobase, Inc. as well as a lesser amount of company experience and financial history for your organization.

Please keep in mind that while Incident Clear, LLC has not initially been selected for this solicitation, as the 2nd highest scoring Proposer, if an agreement cannot be reached between the Department and Autobase, Inc. we will contact your organization to begin contract negotiations.

We sincerely appreciate your interest in bidding with the Department. If you have any questions, please contact Austin Price at 614-752-9017.

Respectfully,

A handwritten signature in blue ink that reads "Lauren Purdy".

Delcan Limited, Inc.
Attn: Christine Simonton

Request for Proposal: 506-14 Freeway Service Patrol
Subject: Award Results

Dear Vendor:

The Department of Transportation would like to thank you for your time and effort in responding to our Request for Proposal No. 506-14 for the Freeway Service Patrol. The Department has completed its evaluation of all proposals and Autobase, Inc. has been selected as the successful Proposer most meeting the Department's needs. Delcan Limited, Inc. finished 5th overall in the scoring out of the six (6) responsive proposals.

Upon evaluation of your proposal, the Evaluation Committee felt strongly that the main separation between your organization and the highest scoring proposals was your submitted pricing being of a substantially higher cost to the Department out of all six proposals. In addition, the committee felt that your proposal failed to address a couple of important areas such as details on the vehicle wrapping and a failure to note the number of vehicles proposed to complete this program.

We sincerely appreciate your interest in bidding with the Department. If you have any questions, please contact Austin Price at 614-752-9017.
