To Whom It May Concern:

It was brought to my attention that Ohio DAS was interested in finding a certified MBE for heavy equipment in hopes of satisfying ODOT's need for another means in which to meet its MBE purchasing goals. HCI has not only been a loyal customer of ours, but also a certified MBE in the State of Ohio for several years. Through the close relationship Southeastern has with our Equipment Manufacturers, we are able to help HCI gain authorization as dealer for a select group of manufacturers, for the sole purpose of striving to lend to ODOT's needs.

With that being said, the following equipment can be purchased from STS contracts through HCI.

- 1.) Bomag – Compaction Equipment
- 2.) Broce – Self Propelled Brooms
- 3.) Case Construction – Backhoes, Wheel Loader, Excavators, Dozers, etc.
- 4.) Etnrye – Asphalt Equipment (i.e. Distributors)
- 5.) Gradall – Wheel and Track Excavators
- 6.) Scharze – Regenerative Air Street Sweepers

If you have any questions please feel free to contact me at (614) 989-1172.

Sincerely,

Brian James
