Dear Department of Medicaid

RE: Apology

I humbly write to you to express my deepest apologies for the misconduct I was involved in at work September 18, 2017 and previous week. Again I want to apologies for cheating on the exam and the actions I took to get an advantage before taking the exam. I also I think as way hours I spent studying for the exam the wrong way I would have pass the correct way but not as high. I have been hard working, dedicated, and putting my heart and expertise in making Ohio better. I am a very professional person and value my work a lot. I have an excellent performance record since I was employed in the company four years ago and it saddens me that I have caused a mar in my record. I know it has been a hard 8 to 9 weeks to investigating a dedicate employee and hard to believe that I would do something like this. I am aware of company rules and the work ethics that we follow. I will undergo the due process and face the consequences of my action as per company rules. Rest assured that the incident will not happen again and I will do everything again to gain back your complete trust in my capacity. One more time I would like to say I apologies for my action and I hope Medicaid can think this over and concerned dropping the case externally. I would be much appreciated but this is Medicaid decision.

Sincerely

Nathaniel Lee Regula
